General Studies Main Exam Test Series 2019

Vajiram & Ravi will conduct classes before each unit test on the specified topics that include Geography, Social Issues, Indian Polity, Governance, Indian Economy, Sci & Tech, Security Issues, Ethics & International Relations by covering only the latest developments that have taken place in the past year. The teachers will also discuss the possible questions that can be asked at the end of each topic and give you the structure of the answers for the questions discussed. Thereafter, the test is conducted based on the topics discussed in the class so as to encourage you to write answers. On completion of the eight unit tests, you will realise that you have not only been brought “up to date” in terms of knowledge on the various topics of the G.S.syllabus, but have also grown in confidence to write answers in an organised manner. The model answers given after the test will further help you to cement your answer writing skill.

Also the programme will involve “ mentoring “ sessions where students can meet their mentors with their evaluated answer booklets for further improvements. We intend to take you through stages to perfect your answer writing skills. Enjoy the process of learning your answer writing exercise.

All the Best!
