

Dear Student,

Due to the ongoing pandemic the Government has not given permission to reopen educational Institutions. Due to this Vajiram & Ravi IAS Institute has decided not to conduct its popular GS Prelim cum Main & Optional subjects' classes for 2020-21 session.

Next session for the GS Prelim cum Main & Optional Subjects for 2022 examination is expected to begin from April / May 2021. Details of the course will be available by March 2021.

However, to guide and support students for 2021 Preliminary examination the institute will begin an online Prelims oriented programme, which includes Prelim Tests with classes. This course will combine Tests and explanations with detailed lecture sessions by teachers. Details of this programme will be available by 19th December 2020 on the Institute's Website www.vajiramandravi.com.

Thank You

VAJIRAM & RAVI
